Copayments are based on the 20% Medicare does not cover, if you do not have a secondary insurance on file with Medicare or your secondary insurance does not have out of network benefits you are responsible to pay the copayment at the time of service. End End Neuropsych does not bill secondary insurance under any circumstances. We do not accept Medicare Advantage plans therefore you are responsible to pay the Medicare approved rates at the time of your appointment. We do not accept Medicaid.

All form completions require an appointment with your provider! No EXCEPTIONS!!

East End Neuropsych is now offering Ketamine infusion to Non Medicare patients for \$750.00.
